Shepherdess Nicole

Shepherdess Nicole

Said it's now the time to snow
and I don't think she is wrong.

where did all the sheep go
here ^{outside} it's way too cold
couldn't find Nicole.

Here's the storm I awaited,
but I am on my ^{own} ~~own~~ on this hill
the flock is no longer my home.

Here's the storm I awaited
but I am just a sheep on my own
with nothing but wool as a coat.

Shepherdess Nicole
do you know that I am alone?
do you know I am gone?

Maybe I should move on
wait until the sun is tall
and leave behind Nicole

Here's the light I awaited
but ~~and~~ I am on my own on this hill,
the flock is no longer my home.

Here's the light I awaited
but ~~and~~ I am a free sheep on my own
with nothing but wool as a coat.
