

LAKE TAHOE ELECTRIC TRANSPORTATION FORUM

INTRODUCING:

FleetPros

The Lake Tahoe Electric Transportation Forum is excited to announce that we are partnering with Fleet Pros this year to host our educational forum and electric vehicle exposition.

August 20-21, 2025 | 9 am - 5 pm |
Hosted at the Tahoe Blue Event Center
75 Hwy 50, Stateline, NV, 89449

Top Five Reasons to Attend the Lake Tahoe Electric Transportation Forum

- **Explore the Future of Electric Mobility:** Learn about the latest trends, technologies, and policies driving electric transportation in the Lake Tahoe region and beyond. From EV adoption to charging infrastructure, this forum offers valuable insights into the path toward a cleaner, greener future.
- **Connect with Industry Leaders:** Connect with electric boat experts, marina owners, and marina charging station manufacturers to find out what's going on in their industry. Network with experts, policymakers, fleet managers, transit professionals, and sustainability advocates who are shaping the future of electric transportation. Build relationships and partnerships that can help bring innovative solutions to life.
- **Discover Sustainable Solutions:** Gain actionable strategies for implementing sustainable transportation practices, whether you're working in public transit, fleet management, or electric mobility.
- **Be Part of Transformative Discussions:** Join interactive panels and workshops tackling key challenges and opportunities in electrifying transportation systems. Share your perspectives and learn from others who are driving change.
- **Make a Positive Impact:** Your participation supports efforts to reduce carbon emissions, improve air quality, and enhance mobility options for communities in the Lake Tahoe region. Together, we can create a sustainable and accessible transportation future.
