

Jayla the Number Navigator Downloads

Math MileMarkers® Math Storytelling Mission

Are You a Number Navigator?

Calling All Student Authors and Illustrators

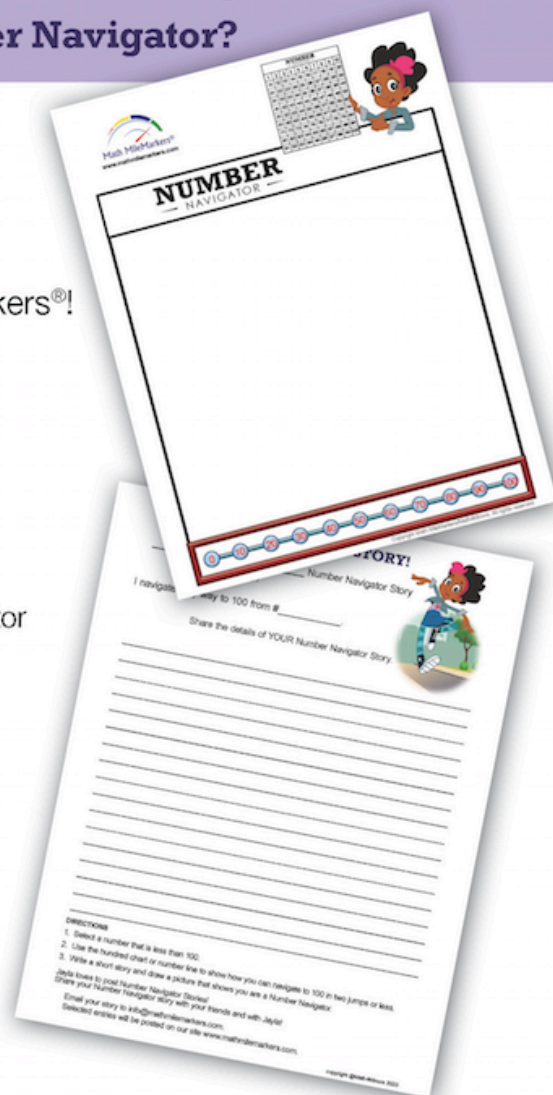

Show off your superpower by submitting your Number Navigator story to Math MileMarkers®!

Math MileMarkers is looking for **Number Navigators** from around the world. Simply write a short story and draw a picture that shows you as a Number Navigator. We will post selected entries on our website as part of our worldwide celebration of Number Navigators.

A story template, directions and Number Navigator Award are available free to download from www.mathmilemarkers.com or www.math4minors.com.

Drawings should be colorful. Only the child's first name may appear on posted entries.

Email a copy of your entry to Jayla at info@mathmilemarkers.com.

Congratulations to all the newly discovered Number Navigators! Be sure to print out your Number Navigator award and celebrate!

NUMBER

— NAVIGATOR —

TELL US YOUR STORY!

_____ Number Navigator Story
(first name only)

I navigated my way to 100 from # _____.

Share the details of YOUR Number Navigator Story.

DIRECTIONS

1. Select a number that is less than 100.
2. Use the hundred chart or number line to show how you can navigate to 100 in two jumps or less.
3. Write a short story and draw a picture that shows you as a Number Navigator.

Jayla loves to post Number Navigator Stories!

Share your Number Navigator story with your friends and with Jayla!

Jayla loves to learn about the adventures of other Number Navigators!
Share your story with Jayla and her friends by submitting it to info@mathmilemarkers.com.
Selected entries will be posted on our site.

Congratulations to all the Number Navigators out there.
Don't forget to print out your Number Navigator Award!
