

Understanding your Benefit Statement - RSS

*This Benefit Statement - RSS guide is for members who
are impacted by Transitional Protection

01

This is the introduction page to your Benefit Statement - RSS. Please read the information and then click through to your Statement.

The screenshot shows the Teachers' Pensions For Members website. The header includes the logo and navigation links: Resources, Videos, FAQs, Calculators, Forms, News. A secondary navigation bar contains links: Home, New starter, Working life, Planning retirement, Once retired, Scheme Changes, My Account, and a search icon. The main content area is titled 'It's all about you,' and features a large blue banner with the text: 'Your Benefit Statement- RSS is the most important document available from Teachers' Pensions - you can use it to check the salary and service information we hold for you.' Below this, there is a section titled 'Important Information' with text explaining updates to the Transitional Protection remedy and the Deferred Choice Underpin (DCU). A purple button at the bottom right says 'View your current statement'.

It's all about you,

Your Benefit Statement- RSS is the most important document available from Teachers' Pensions - you can use it to check the salary and service information we hold for you.

Important Information

Your Benefit Statement has been updated to include additional information relating to the Transitional Protection remedy. These changes apply to you as you have been identified as eligible for the remedy. The information in this statement will help you understand your options when you decide to retire. [Full details of the remedy and who is affected can be found on the Scheme Changes section of our website.](#)

As part of the steps being taken to address the discrimination caused by Transitional Protection, all affected members must decide if remedy period service is to be calculated under Final Salary (Option one), or alternatively calculated under Career Average scheme rules (Option two) at retirement. This is known as the Deferred Choice Underpin (DCU).

To help you understand these options throughout your career, this Benefit Statement provides the details to keep you up to date on the impact of these changes on your pension.

The calculations in this Benefit Statement are based on the current data held on your record as provided by your employer(s) please make sure to check the service breakdown section in your Benefit Statement to ensure this information is accurate. If you have any questions regarding your service or salary details, please contact the relevant employer.

[View your current statement](#)

02

This section shows you when your Benefit Statement - RSS was created, your current status in the Scheme and your other personal details.

Important Disclaimer:
The figures in this statement are for illustration purposes only. Please carefully check the service and salary information as errors will lead to an incorrect estimate of benefits. This statement confers no right to the benefits quoted. **Please refer to the Notes section.**

Summary of my benefits across all Scheme arrangements
Date of issue: 16 Jan 25
Calculated To: 16 Jan 25
If you become entitled to benefits before this date, the figures quoted may be higher than your entitlement.

Your TP Ref Number: 01/46620
Your National Insurance Number: UA141157
Your Pension Status: In Pensionable Service
Your Membership Type: Not Retired

The 'Notes' section provides details on how benefits are calculated, or visit Planning Retirement for more information.

It shows you the calculations based on the Option 1 and Option 2 in the summary in section 4 on the previous page.

NOTE: The above images are from a single web page which have been split into 3 sections for visual purposes only. You can see all sections by selecting sections or by simply scrolling down the web page.

07

This figure highlights the annual pension that would be paid to a spouse, civil, or qualifying partner or qualifying children if you were to pass away while still in pensionable service. Again this is split for Option 1 or Option 2.

Family Benefits

As well as providing a pension for you when you retire, the Teachers' Pension Scheme also provides for your dependants in the event of your death.
If you were to die, your dependants may receive an Annual Benefit (FB) of:

Option 1: Final salary

Total Family Benefits (FB)

Total Annual Family Benefit£3,813.29

Option 2: Career average

Total Family Benefits (FB)

Total Annual Family Benefit£3,979.27

In addition to the above, if you were to die within five years of retiring, a balance of five years' worth of pension, less any pension that's already been paid in connection with those benefits, is payable.
*The amount of potential Family Benefit pension shown above is based upon pensionable service from 1 April 1972. If you have nominated an unmarried partner, only service from 1 January 2007 will be used.

Service History

About me?

Contact us

Additional Pension Information

Notes

Your service history is given to us by your employer. You must make sure that the details are correct, as any errors could result in delays or under-payment of your pension benefits.

Errors can only be updated by employers. We can't alter service without the employer's authorisation

Please see our **FAQs** for more information on what to do if you think your service history is incorrect.
www.teacherspensions.co.uk/servicehistoryfaq

Pensionable Service

This refers to a period when you were or are active in the Scheme, i.e. paying contributions and building up pension benefits. A 'break in pensionable service' therefore signifies a point where you were no longer active in the Scheme, as a result of either no longer being in pensionable employment or having opted-out of all employment in the Scheme.

Service History

Your service history is provided by your employer through a monthly to Teachers' Pensions. It's vitally important to check that your service details are correct as any errors may be time-consuming to rectify at a later date, resulting in delays or under-payment of pension benefits. If there are any errors please contact the relevant employer and ask them to notify us of the correction. Errors can only be rectified by employers; Teachers' Pensions cannot directly alter service records without employer authorisation.

Pensionable Service

This refers to a period when you were or are active in the Scheme, i.e. paying contributions and building up pension benefits. A 'break in pensionable service' therefore signifies a point where you were no longer active in the Scheme, as a result of either no longer being in pensionable employment or having opted-out of all employments in the Scheme.

Our Notes give you more detail about the information held in your Benefit Statement - RSS. There are also links to our website and we have a range of videos for more support.

Notes

1. About the Benefits Statement

The benefits set out in your Benefit Statement show your accrued pension benefits as they are at the 'calculated to' date provided on the summary page. Your benefits only include the service you've currently built up, up to the date of the latest calculation, based on the latest information provided by your employer. For more details on the service and salary included within the calculation of your benefit estimate, please see the service history section of your Statement.

Your estimate is based on the service and salary details supplied by your employer(s). If you identify any errors, please contact the employer relevant to the period of service in question and request they check their records and notify us of any changes. This is because we use your service information to calculate your retirement benefits. Any errors or missing service found during the application process could delay your retirement benefits being paid.

This Statement is provided for illustrative purposes only and isn't a guarantee of benefits, nor does it assume any rights to such benefits. If at retirement it's found that any Past Added Years payments (that you were paying in instalments) have not been made in full, the amount of benefits quoted in this estimate may be less.

In the event of any dispute over your pension benefits the appropriate legislation will prevail. Please note benefits shown on your Statement don't take into account: any earmarking split between you and your ex-spouse/civil partner; or any Scheme Pays elections for Annual Allowance charges.

2. TP Number

Your personal Teachers' Pensions Reference number (you may also know this as your DfE number) is shown at the top of the summary page. You should quote this number whenever you contact us or the Department for Education.

3. Your Pension Status

We're reliant on information from employers to determine your status in the Scheme (either Active or Deferred). If your employer is late in supplying details of your service and salary we may record you as being a deferred member of the Scheme. Your details will be updated as and when we receive the information from your employer. Your benefits aren't affected as, when processing any benefits payments, we always request details of the latest service and salary from employers and we will use this to determine your pension status and benefits accordingly.

4. Your Normal Pension Age (NPA)

5. Retirement Lump sum

6. Reckonable Service

7. Past Added Years (PAY)

8. Days Out

9. Eight Days' Service Credit

10. Average Salary
