

## MONTESSORI WESTERN TEACHER TRAINING PROGRAM is now accepting EC-student applications for the 2018-19 school year!

Montessori Western Teacher Training Program has been a formidable teacher training facility in Southern California for over four decades! MWTTP has been dedicated to continued education for its instructors and is a constant support of AMS/MACTE and the furtherment of Montessori education worldwide.

### Why MWTTP?

Montessori Western Teacher Training Program offers a unique, process-oriented approach to early childhood teacher preparation, with an overall emphasis on student responsibility for self-directed learning, communication, and the dynamics of human relationships. The Early Childhood Course prepares the teacher candidate to conduct classes for young children between the ages of 2½ – 6 and to serve as director of a preschool, daycare center, or other child development facility enrolling children in this age range. This year-long program (June 25, 2018—June 30-2019) has two parts: the *summer/academic phase*—an intensive 8-week session (320 hours), followed by a two-semester *practicum phase* (940 hours, minimum), which includes supervised student teaching in an approved site, field observation, seminar sessions, and supervised directed study projects.

Contingent upon licensure from the California Bureau for Private Postsecondary Education, MWTTP course work is accepted by the California Department of Social Services as an alternative preparation for the required units of postsecondary education required to qualify preschool teachers and directors in the state. Thus, the Early Childhood course serves as a portal of entry for high school and college graduates who intend to seek employment as preschool teachers/directors in California. Teachers from other public or private schools who hope to apply Montessori principles to their own teaching situations may be enrolled for just the summer phase of the course, without student teaching and without AMS certification.

### Class schedule:

Classes will be held at 260 W. Ontario, Corona, Ca 92882. The summer/academic phase will meet Monday thru Friday, 8:15am to 5pm, for 8 weeks beginning June 25, 2018. The practicum phase will include 8 Saturday seminars that will meet throughout the school year at the same location.
