

VISIBLY BETTER

The Ecoglo® Photoluminescent OB20025 1" Wide Obstruction Tape is easy to install and remains visible for hours in complete darkness. Ecoglo OB20025 is used to identify obstructions within an egress pathway. The OB20025 is designed to last with a premium integrated adhesive which provides a superior bond to a variety of surfaces. Ecoglo OB20025 is an international leader in performance of both intensity of glow and longevity.

- ☒ Non-Toxic
- ☒ Non-Radioactive
- ☒ Easy to Apply
