

# nora<sup>®</sup> stair accessories

## nora<sup>®</sup> visually impaired strips

Textured or smooth striping for the visually impaired. Can be inserted into any one-piece nosing-tread-riser stairtread.

8 Standard Colors

Piece Length: ~2" (50.8 mm)

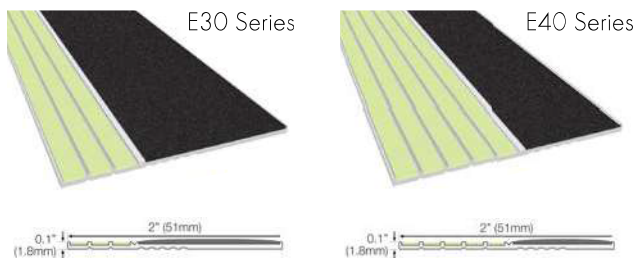

## ecoglo<sup>®</sup> - photoluminescent contrast strip

Combined with norament<sup>®</sup> stairtreads, Ecoglo's E Series photoluminescent step edge contrast strips meet NFPA 101: Life Safety Code<sup>®</sup>, IBC & IFC 2012 compliant for use in egress stairwells for most buildings over 75 feet. Easily installed in new or existing buildings, the E Series is designed to reduce falls and enhance egress speed in emergency situations while meeting compliance with all mandated codes.

- High visibility in dark or light conditions reducing possibility of slips and falls
- Meets ADA requirements regarding step edge visual contrast
- Hard wearing and high durability indoors and outdoors
- Easy cleaning
- Ten year limited wear warranty
- No radioactivity or toxicity
- Does not burn, meets standard test methods ASTM E162-02 and ASTM D635-03
- Designed to meet new ICC regulations for new buildings over 7 storey's high
- Luminous Egress Path Marking Systems compliant, UL 1994

3 Standard Colors

Piece Length: ~2" (51 mm)
