WHY GOLDWYN'S?

Goldwyn's was named after a legend—Braedale Goldwyn, one of the most iconic Holstein bulls in history. Known for producing champions with strength, beauty, and staying power, he reminded us a lot of what we set out to create: something bold, built to last, and full of character.

Fittingly, Goldwyn once lived just down the road at Semex in Kemptville—the same town we call home. That local legacy lives on in our name and in the spirit of everything we serve.

But Goldwyn's isn't just about cattle—it's about legacy. It's about gathering around the table, telling stories, and sharing food that's thoughtfully crafted, just like the good meals we grew up on. You'll find touches of our roots all over the menu—from Gramz's butter tarts (don't worry, they will be back!), to Mama Gina's Caesar dressing—and a little western grit in every glass and plate.

We tip our hats to tradition, but we like to do things our own way, with a little more flair, a little more fire, and a whole lot of flavour.

Welcome to Goldwyn's. We're glad you're here.
