There has not been a report of criminal harassment by me, the FFPD Board Secretary, or the FFPD Board President. To be clear, as the individual engaged in correspondence in the emails and social media post exhibits provided by Concerned Citizens of Florissant, CO Fire District as examples of threatening emails, neither I nor Starla Thompson, as board members, have reported these emails and social media post as threatening. None of the correspondences cited (Email 1, Email 2, Social Media post), were reported to the Teller County Sheriff's Office as threatening to the board.

I have taken an oath to serve dutifully in my role and abide by the Constitution of the United States and the Constitution of the State of Colorado, which distinctly includes honoring and supporting free speech, protected by the First Amendment. To uphold my fiduciary responsibility to all citizens of the Florissant Fire Protection District, it is also my right and duty, as an FFPD Board Director to respond to: accusations of lying, accusations of breaking the law, to misinformation, and to misleading information about the Florissant Fire Protection District, its business, its board, its employees, and its volunteers. It is the right of the citizens to analyze, criticize, and scrutinize the government and its public officials; it is equally and undeniably the right of the FFPD and its public officials to ensure accurate information is stated and shared for the benefit of every citizen in the Florissant Fire Protection District.

Again, please feel free to reach out to any official representative of the Florissant Fire Protection District which can be found on the official Florissant Fire Protection District website <https://florissantfire.com/>

Sincerely,

Amanda Sutton
