

Amerock®

Always Creating. Always Timeless.
Always Amerock.

BAR PULLS

Bar Pulls are modern functionality meeting straightforward styling for a clean contemporary look. Create the look of a luxury destination and pair chic white and black with the warmth of Golden Champagne.

See pages 72-76 and 133.

ESQUIRE

Esquire's sophisticated and modern industrial composition pairs an upscale cross-hatch texture with smooth complementary metallic ends for cutting edge design in any setting.

See pages 50 and 51.

OBERON

Oberon is an intriguing design in either solid cast or a mixed media option. The frosted insert subtly catches the light through the cutaway detail for a distinctive look by finish.

See pages 52 and 53.

GLACIO

Glacio is sleek and minimalist blending crystal-clear accents and beautifully finished metallic mountings that seem to float above the surface for an ethereal look and feel.

See pages 54 and 55.

ST. VINCENT

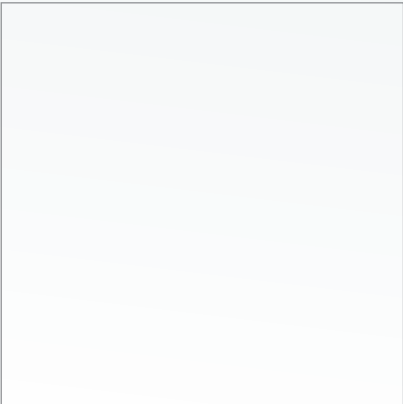

Updated contemporary design is bringing back clean and sophisticated angular shapes. St. Vincent is reflective of this style which houses crisp lines and metallic reflective surfaces for a nod to the dramatic.

See pages 48 and 49.

SEA GRASS

Sophisticated finishes meet organic inspiration in the Sea Grass Collection. The slender ribbed design connects beautifully to textures found in nature.

See pages 82 and 83.

ASHBY

Today, the charm of a farmhouse is being updated with glamorous details. The finishes and shapes in Ashby are crafted for understated glamour with an innovative comfort grip and 2-way installation method.

See pages 92 and 93.

GRACE REVITALIZE

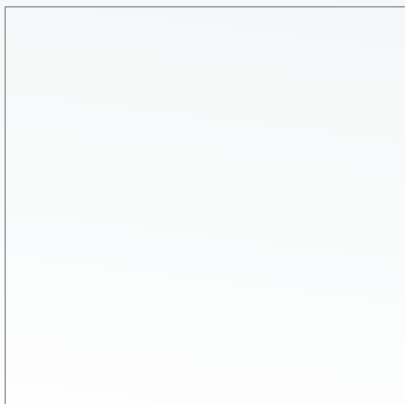

Delicate points and gentle curves of the quatrefoil shape find perfect balance in Grace Revitalize, a subtle nod to an historic pattern found in architecture and home décor.

See pages 86 and 87.

CRAWFORD

The Crawford Collection takes its cues from classic ruching and tufted button detail reflecting timeless beauty that spans generations to create an accent with unforgettable style.

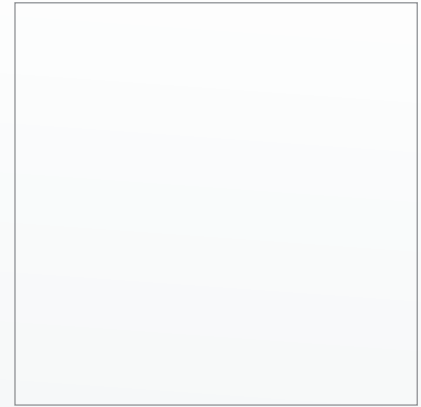

See pages 80 and 81.

WELLS

True elegance is Wells with its faceted and angled edges of a gemstone cut. Mount the Wells knob at 45 degrees to add a touch of diamonds to your design.

See pages 16 and 17.

DAVENPORT

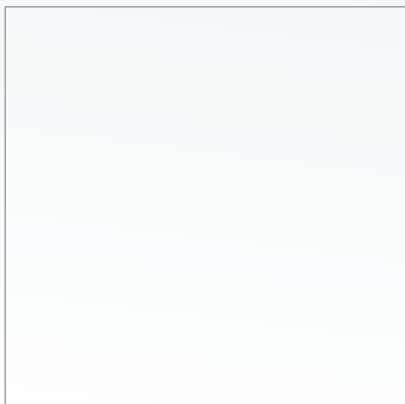

Graphic elements are a strong influence on today's home décor. Simple lines and curves paired with strong, subtle finishes give the Davenport Collection a distinct appeal.

See pages 14 and 15.

CAROLYNE

The Carlyne Collection takes its cues from fine hotel flatware with a smooth face and detailed beaded accents that create an elegant yet classic charm without being overly feminine.

See pages 84 and 85.
