SWITZERLAND

2019 PRODUCT CATALOG

THE BEST WAY TO SHAPE THE FUTURE IS TO DESIGN IT.

What will the bathroom of the future look like? It is smarter. It is more connected to the environment and the digital world. It will be spacially conscious and environmentally friendly. Above all, it will offer comfort, luxury and convenience like we've never seen before.

AXENT is pioneering the ever-evolving world of bathroom technology. For over 10 years we've paved the way for bathroom innovation including the development of the world's first truly intuitive intelligent toilets, a revolutionary smart mirror and design-forward bathroom fixtures that enrich the lives of our customers across the world. Our dedicated team of designers, engineers, R&D specialists, customer service experts and loyal customers are the key to our success and we are grateful for their continued support.

We're committed to continuing to enrich the industry with beautiful bathroom fixtures and the latest in intuitive and convenient home technology. This catalog serves as a glimpse of AXENT's proven product excellence, stay tuned for even more to come.

Daniel Grob
CEO, AXENT Switzerland AG

FROM THE LAND OF NATURAL BEAUTY...

At the heart of Europe's picturesque countryside is the renowned beauty of Switzerland. Rich with cascading mountainsides and glittering lakes, Switzerland is abundant with a unique natural beauty that has attracted artists and merchants from around the world for centuries. Thanks to this history of diversity, the Swiss have become world leaders in cultivating the finest art, the richest chocolates, exceptional pocket knives and coveted watches. In fact, luxury bathroom cleansing and integrated bidet toilets were introduced to the world in the heart of Zurich in 1957.

SWISS ROOTS, GLOBAL INNOVATION

Switzerland's reputation for producing the world's highest-quality goods is exemplified in the country's renowned timepiece industry. Swiss watches are known for their beautiful design, exceptional quality, lifetime reliability, and unwavering value. Their craftsmanship and ingenuity are a reflection of the Swiss culture's diverse education and lessons learned by artists, architects, engineers and scientists from around the world.

COMPLEXITY MADE SIMPLE

Inspired by these same principles, AXENT's team of visionaries meticulously designed, tested and introduced the brand's most awarded innovation- the AXENT.ONE C Plus intelligent toilet. The AXENT.ONE C Plus' numerous revolutionary cleansing features are enclosed in a chic tankless design and controlled with the touch of a simple, easy-to-use ONE.DIAL.

AXENT's global team continuously fuse their regional expertise to create the highest quality intelligent toilets, elegant sinks, luxurious vanities and cutting-edge bathroom technologies.

STUNNING DESIGN. ANY WAY YOU LOOK AT IT.

Our award-winning products are designed to bring style to your bathroom. We believe this style should accentuate your home's character and personality, while enhancing your life with unexpected convenience. That's why our diverse team of specialists in design conceiving, product functionality, customer service and engineering quality, actively collaborate to challenge one another in innovating beautiful bathroom products with purpose. We know that our products have to offer more than exceptional beauty, they must bring convenience and a unique comfort to your everyday life.

We're proud to collaborate with acclaimed artists including Matteo Thun and Antonio Rodriguez in creating products that incorporate designs inspired by nature's beauty, simplified complexity and customer comfort. Throughout the years our collaborations have been honored with numerous industry recognitions for design excellence and innovation. We look forward to continuing to disrupt the bathroom design industry with our visionary partners.

BEST SEAT

— in the —

HOUSE

The AXENT.ONE C Plus intelligent toilet changes the way we see bathroom cleansing. With features including hands-free lid opening/closing, antimicrobial seat warmers, a warm air dryer and a subtle deodorizer, AXENT.ONE C Plus intelligent toilets offer the latest in bathroom hygiene and luxury.

MORE THAN MEETS THE EYE

It's pretty simple to create something that looks good, but it's much more complicated to create something that delivers exceptional benefits in a simple and easy to use package. Delivering complexity in the most simple and easy to operate fashion is the true definition of product innovation. The AXENTONE intelligent toilets are just that - innovative.

Intelligent toilet technology is complex, that's why the market is saturated with clunky, overly-developed and unattractive models. We've reinvented the definition of bathroom technology by incorporating the latest in intelligent toilet technology in the smallest, most compact package (small enough to fit into a tankless toilet!).

From the industry's thinnest and strongest stainless steel bidet wand, to one-of-a-kind instant-water-heating technology, we've introduced smaller, smarter and more effective components throughout all of our intelligent toilets. That's exactly how our uniquely compact intelligent toilet technology package is an astounding 31% smaller than industry standards to offer a modernized, space-saving profile.

AXENT.ONE PLUS WALL-HUNG INTELLIGENT TOILET
E310-E291-U1

Bathroom floors and floor-standing conventional toilets are magnets for dust, grime and germs. AXENT.ONE wall-hung toilets eliminate this surface build-up by mounting the toilet to the bathroom wall rather than a floor to create a more spacious and easy-to-clean environment.

The AXENT.ONE wall-hung toilet offers aesthetic appeal, cutting-edge hygiene, and the highest level of sanitary cleanliness thanks to its exceptional engineering and hidden tank. Each wall-hung toilet's tank is mounted into a supporting frame that is contained in a bathroom wall. This frame also supports the toilet's bowl so that it may "hang" off of the wall, almost as if it's floating.

More over, AXENT.ONE intelligent toilets are better for the environment as they require less ceramic than floor-mounted toilets.

NUMEROUS FEATURES, ONE CONTROL

1

2

3

- 1 Gentle Cleansing** // Each bidet wand is made of antibacterial and ultra-durable stainless steel. A gentle, customizable showering function for full-coverage front and rear cleansing
Self-Cleansing // Each bidet wand automatically cleans itself with fresh water before and after every use, for a more hygienic experience and easier lifetime maintenance.
- 2 Rimless bowl** // The AXENTONE Plus' rimless design and stain-resistant surface, combined with our proprietary Easy Clean antibacterial glaze, offer a lifetime of convenient cleaning and durability.
- 3 Simple One-Touch Control** // Personalize your AXENTONE Plus or AXENTONE C Plus with the convenient mobile app, the ONE.DIAL or the easy-to-use compact remote control.

DISTINCTION IS IN THE DETAILS

1

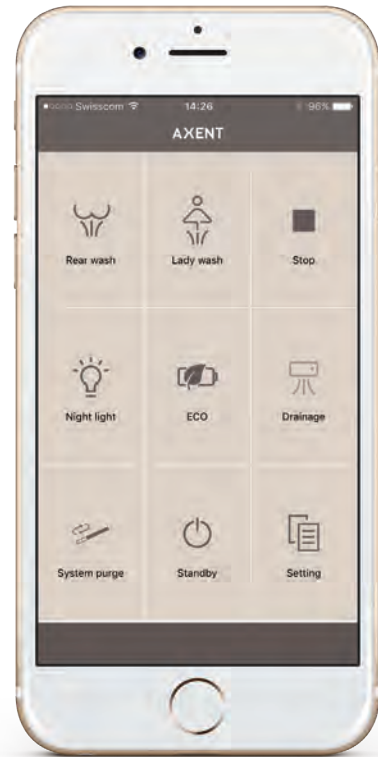

2

3

4

- 1 **Warm Air Dryer** // A gentle air dryer offers luxurious post-cleansing comfort.
- 2 **Seat-Heating** // Adjustable seat heating creates an inviting sitting experience, especially on the coldest nights.
- 3 **Automated Lid+Seat** // Program your AXENT.ONE C Plus intelligent toilet for hands-free flushing as well as seat/lid raising and closing for the cleanest experience
- 4 **Intelligent Design** // Simple, one-click AXENT.ONE C Plus seat removal and re-attachment offer unparalleled easy cleaning and maintenance.

Manage your AXENT intelligent toilet with the convenient AXENT Smart Control app. The app is available for installation on all of your Bluetooth compatible Android and Apple iOS supported devices.

INTELLIGENT TECHNOLOGY AT YOUR FINGERTIPS.

AXENT's intelligent toilets offer complete personalization. Choose from three convenient remote management options: a convenient adjoining ONE.DIAL, a compact remote control or the easy-to-use AXENT Smart Control mobile app. Each of AXENT's intelligent toilets come readily equipped with a programmable ONE.DIAL and remote control. To take your personal hygiene to the next level, simply connect your mobile device's Bluetooth to the intelligent toilet's profile. Enjoy managing all of the toilet's hands-free cleansing features once connected.

A white, modern toilet with a closed lid, positioned against a wall with a repeating geometric pattern of light gray triangles.

A double vanity setup featuring two white, oval-shaped ceramic sinks mounted on a dark, thick, rectangular countertop. Each sink has a sleek, chrome faucet. The vanity is set against a light gray concrete wall. A small, dark bottle of hand soap sits on the countertop to the right of the front sink. A mirror with a dark frame is mounted on the wall above the vanity. A window with horizontal blinds is visible in the background.

A wall featuring a repeating geometric pattern of light gray triangles on a white background, creating a textured, three-dimensional effect.

A window covered with dark horizontal blinds, allowing light to filter through in a striped pattern.

A rectangular mirror with a dark frame, mounted on a light gray concrete wall above the vanity.

A small, dark-colored bottle of hand soap with a pump dispenser, placed on the dark countertop next to the front sink.

COMPLEXITY
— made —
SIMPLE

The Primus looks great from every angle and with its tankless design, it fits beautifully in any bathroom. With three customizable color options (White base with: Champagne Gold, Rose Gold, Space Silver, Classic White and Matte Black trim), the Primus is designed to fit your unique style.

PRIMUS TANKLESS TOILET

E330-0431-U1

The Primus tankless toilet is the core of AXENT's leading-edge and skillfully engineered technologies showcased in an exceptionally simple yet modern low-profile design. Its tankless design takes up less space than traditional toilets and incorporates engineering innovations to offer less design intrusion with more flushing excellence.

REDISCOVER YOUR BATHROOM SPACE

- 1 **Effortless** // Low-profile tankless design drives the Primus' chic and spacially-conscious footprint.
- 2 **Ergonomic** // The Primus is designed with comfort in mind. An elongated seat, ADA comfort height and easy one-touch flushing offer essential comfort.
- 3 **Easy to Clean** // Each Primus is protected from staining and wear by our proprietary Easy Clean antibacterial glaze to offer a lifetime of convenient cleaning and durability.
- 4 **Environmentally-Friendly** // With a conservative 1.28 gallon(s) per flush (GPF) flushing consumption, the Primus is better for the environment than conventional toilets.
