VITREOUS CHINA & FINE FIRE CLAY LIMITED WARRANTY

AXENT provides a ONE-YEAR LIMITED WARRANTY for its plumbing fixtures to be free of manufacturing defects in material and workmanship. This warranty is to the original Purchaser and not transferable.

AXENT will, at its election repair, replace or make appropriate adjustments where AXENT inspection discloses any such defects occurring in normal residential usage within one year after installation. Use of in-tank toilet cleaners will void this warranty. AXENT is not responsible for installation costs.

No warranty is given for water damage or misuse. For longevity of finish, care in maintaining dryness at all times is recommended.

AXENT's obligation shall be limited to such repair and or replacement and shall be limited to AXENT's receiving notice of any alleged defect within the applicable warranty period. Purchaser shall be responsible for all shipping charges for returned products.

To obtain warranty service, contact AXENT either through your Dealer or Plumbing Contractor or by writing AXENT, Attn. Customer Service Department, 3 Musick, Irvine California 92618 USA or by calling 1-800-769-4857.

IMPLIED WARRANTIES, INCLUDING THAT OF MERCHANTABILITY, ARE EXPRESSLY LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY. AXENT DISCLAIMS ANY RESPONSIBILITY FOR CONSEQUENTIAL DAMAGES.

Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of special, incidental or consequential damages, so this limitation and exclusion may not apply to you. This warranty gives you specific legal rights. You may also have other rights which vary from state to state.

Vitreous China and Fine Fire Clay — Care

Clean the outside surface of your toilet or lavatory with mild soap and warm water. Wipe the entire surface completely dry with a clean soft cloth. You may use soft abrasive cleaners when necessary to clean your vitreous china and fine fire clay product. Do not use strong abrasive cleaners, as they will scratch and dull the surface. Wipe any splashes of cleaning solutions from plastic or plated surfaces immediately. Use toilet bowl cleaners on the inside of the toilet bowl only.

If the surface becomes excessively dirty, use a general purpose cleaner such as Fantastick®, All Purpose Lysol®, Basin Tub and Tile Cleaner®, Soft Scrub® Multi Surface, Scrub Free® Disinfectant Bathroom Cleaner, Clorox Clean-Up®, Spic and Span Liquid, Comet® Liquid Bathroom Cleaner, Scrubbing Bubbles® Bathroom Cleaner, BarKeeper's Friend®, or Bon Ami.

Over time, hard water deposits may clog the toilet rim washing holes and trap ways. To clean, use a commercial cleaner that is recommended for removing hard water deposits. Be sure to follow the cleaner's manufacturer's instructions.

WARNING Risk of property or product damage. Do not use in-tank cleaners in your toilet. Products containing chlorine (calcium hypochlorite) can seriously damage tank fittings. The damage can cause leakage and severe property damage.
