THE JACUZZI® BRAND

Jacuzzi Group Worldwide is a global organization with hundreds of original product patents and thousands of employees. Valvasone, Italy, the Jacuzzi family's home of origin, is a key center of this worldwide network. Jacuzzi Luxury Bath is headquartered near Los Angeles in Chino Hills, California.

Globally known for luxury, Jacuzzi® Brand zealously researches new materials and technologies to design and develop beautiful products for today's lifestyles. Since 1956, when Candido Jacuzzi commercialized the first at-home hydrotherapy pump, every product made by Jacuzzi has been created for the same reason: to provide a rejuvenating and refreshing hydrotherapeutic experience that revitalizes both body and spirit.

Designed in California,
Crafted in Georgia

From our design engineers in California to our tradespeople in Georgia, we take pride in carrying on the Jacuzzi® legacy of quality. First to transform bathing into an experience, Jacuzzi leads the industry with new product styles and innovative hydrotherapy. Jacuzzi® baths and showers are shipped from Georgia for delivery across North America.

WELCOME TO WELLNESS

Leave stress and fatigue at the door and let us introduce you to products that can make your home a retreat from the world.

There are both physical and mental benefits in taking time for yourself. The benefits of hydrotherapy are well documented – from improving sleep patterns to reducing mental stress and anxiety. Of course the physical benefits, including relieving muscle and joint pain and improving circulation, are just as important.

Athletes know that adding specially developed and positioned jets can take the experience to the next level. Jacuzzi offers the ideal hydromassage experience with our patented jets and exclusive whirlpool systems. Follow our performance athletes using #jacuzziperformance.

We are proud to now offer baths that are tested to be compatible with Epsom salt, allowing our customers to benefit from water rich in magnesium.

Wellness is fundamentally embodied in all Jacuzzi® products.

WATER THAT MOVES YOU™

Hydrotherapy

(Water relaxation)

Jacuzzi® baths are ergonomically designed to maximize the benefits of hydrotherapy, allowing people of all body types to fully immerse in warm water.

Benefits of a Full-Body Soak:

1. Relieves the weight of gravity on joints
2. Provides 360-degree support for sore and tired limbs
3. Decreases swelling and inflammation
4. Increases circulation and oxygen in blood cells

Why soaking makes you feel better

- Up to 104°F - Hot water**
Relaxing, promotes sleep by inducing drowsiness
- 93°F - 100°F - Water at body temperature**
Reduces tension, adding Epsom salt facilitates sweating to cleanse the skin & help eliminate lactic acid
- 81°F - 92°F - Lukewarm water**
Helps eliminate water retention
- 65°F - 81°F - Cool water**
Alleviates fatigue
- Below 65°F - Cold water**
Aids muscle recovery from physical exertion

Pure Air® adds soothing bubbles to your soak

Thermal Lumbar Comfort™ (TLC) air injectors target relief to the lower lumbar area, a common trouble spot. TLC is a unique part of the Pure Air® bath experience.

Hydromassage

(Water with jets)

What makes Jacuzzi® hydromassage effective

Gentle pressure on muscle tissue increases circulation. This stimulates blood flow, which can help muscles and joints recover from fatigue or injury, and makes it easier to move.

The exclusive, patented TargetPro™ jetting offers adjustable jet stream direction and intensity for a personalized massage experience.

Hydromassage soothes fatigue

KEY FEATURES

Our Jets

JACUZZI® AQUALIBRIUM®

A perfect balance of air and water is vitally important to the quality of any whirlpool system.

THE TARGETPRO™ DIFFERENCE

A jetted water stream that draws air 360° from its outer edges to its core, delivering powerful massage without being overly aggressive. Jacuzzi® jets maintain an optimal mix of air and water to deliver a relaxing high-flow, low-pressure massage.

TargetPro™ Jet

Featured Jets

ROTATING NECK JET

- Jacuzzi® exclusive
- Highest flow spinner in the industry
- Ideal for shoulder & neck massage

ACCUPRO™ JET

- Adjustable flow & direction
- Accurately targets back & feet

SLIMPRO® & SLIMPRO® MINI JETS

- Ultra-low profile for added comfort
- Offered in multiple finishes

TARGETPRO™ JET

- Patented Jacuzzi® exclusive
- 60° adjustability
- Available with Illumatherapy™

CleanLine® System: Standard on Jacuzzi® Experience Baths

Engineered to provide a cleaner bathing experience

CLEANLINE®

Anti-microbial additives are standard in all water lines in Heated Soak, Whirlpool and Salon® Spa bathtubs.

NON-POROUS ACRYLIC SIMPLIFIES CLEANING

The non-porous characteristic of acrylic defends against penetration of microorganisms into the surface.

AUTO-DRI™

The pre-programmed Auto-Dri™ feature drives excess water from air lines in Salon® Spa and Pure Air® bathtubs.

DRAIN-DOWN PLUMBING

Drain-down plumbing in Salon® Spa, Pure Air®, Whirlpool and Heated Soak baths helps properly drain water lines.

SYSTEMS CLEAN™

Jacuzzi® Systems Clean™ can be used to quickly deep clean, sanitize and deodorize Heated Soak, Whirlpool and Salon® Spa baths.

OUR MATERIALS

Solid Surface

Using our premium Luxecast® composite material, containing minerals derived from natural stone, we have created more sophisticated and imaginative designs in baths and sinks than ever before.

UPGRADE THE EXPERIENCE

Lighting

Chromatherapy is the use of color and light to restore balance and well-being.

CHROMATHERAPY

Jacuzzi® Chromatherapy features LED lighting through one or two wall-mounted lenses, echoing the colors in nature that come from light.

On select Fuzion® models and the Elara® Plus, Chromatherapy is available as a lighted neck-massaging waterfall.

ILLUMATHERAPY™

The exclusive technology of LED Illumatherapy™ makes color and light sparkle throughout the bathing well from within four patented TargetPro™ jets.

Bath Controls

Jacuzzi took the industry lead by making sophisticated electronic controls a standard feature. Intuitive design makes Jacuzzi® bath controls easy to use. Upgrade to the **J5 LCD** control for ultimate personalization.

Upgrade: J5 LCD

- Programmable full-color LCD screen
- Personalize your bathing experience even more
- Use quick-start menu or store your preferences in memory

J4 Electronic

- Scroll through colors & dim lights
- Push-button wave action
- Responsive LED indicators
- Control jet & air volume

J2 Electronic

- Scroll through colors & dim lights
- Adjust air volume (Pure Air® only)

Whisper+™ Technology

Our quietest jetted experience of all, a brushless motor mounted on the Whisper vibration-absorbing base reduces noise and vibration up to **66%** while using **60%** less energy and transferring heat back into the water.*

Whisper Technology™

A vibration-absorbing mount allows you to enjoy the benefits of a jetted bath with less noise and vibration.

*Based on results at a third party test facility. Elara® standard 120v Whirlpool bath with heater vs. Elara® Whisper+ Technology™ 120v Whirlpool bath.

Jacuzzi® Epsom Salt Compatible

Jacuzzi® Soaking bathtubs and jetted bathtubs with Whisper+ Technology™ are Jacuzzi® Epsom Salt compatible.

Recover from physical activity, soothe sore muscles, ease aches and pains, soften skin and relieve stress.

JACUZZI® EPSOM SALT COMPATIBLE

OPTIONAL

Our experienced engineers and technicians continue to develop new products that are backed by the latest research in science and technology, from the materials used for construction to the demonstrated positive effects of hydrotherapy. The exclusive Jacuzzi® warranty is your assurance of quality.

SOLID SURFACE BATH COLLECTION

The Jacuzzi® Solid Surface Collection is sculpted from stone that is excavated from mines and milled. The naturally occurring minerals in the ground stone are then blended with resin, producing a composite as durable as it is beautiful. The baths and sinks made with this organic material provide exceptional strength, resilience and beauty.

STELLA®

Crisp lines softened by smooth curves distinguish the Stella® freestanding bath. The modern simplicity of the design includes a sleek integral linear overflow drain in white or chrome, and easy-care high-gloss acrylic material. Lean back against the contoured backrest and soak in the fundamental form of Jacuzzi® hydrotherapy.

THE JACUZZI® BRAND HISTORY

**EARLY
1900s**

The seven Jacuzzi brothers emigrated from Italy to California. Hard-working inventors, they broke new ground in aviation and agricultural hydraulics.

1956

Brother Candido Jacuzzi developed the J-300™ pump to provide pain-relieving hydrotherapy to his son, who suffered from arthritis.

1968

Third-generation Roy Jacuzzi designed the jetted bath, which led to the modern hot tub era.

2000

Jacuzzi® Brand bathtubs and hot tubs were sold in more than 70 countries, and new advancements emerged, including pump systems and jet technology.

2017

Jacuzzi Luxury Bath brought the industry full circle by introducing the exclusive freestanding Whirlpool baths.

TODAY

Jacuzzi Luxury Bath expands offering into other bathroom categories, including fillers, faucets, sinks and medicine cabinets.

WATER THAT MOVES YOU™

The front cover image is a room design created by Showroom Consultant Amber Pirillo of Ferguson Bath, Kitchen and Lighting Gallery in Clive, Iowa. Amber Pirillo is one of our Jacuzzi® Spotlight Designers and she contributed designs for several rooms depicted in this catalog.
