## AMEROCK AUTHORIZED RESELLER PROGRAM

The Amerock Authorized Reseller Program ensures that all sellers of Amerock products understand and take the steps necessary to ensure product quality and provide the excellent customer service that is integral to the reputation of the Amerock brand. In addition, our Authorized Reseller Program assists us in identifying and taking action against unauthorized sellers that are harming you and consumers through the sale of damaged and diverted products. For more information on the Amerock Authorized Reseller Program, please contact [authorized.reseller.program@amerock.com](mailto:authorized.reseller.program@amerock.com).

## AMEROCK MAP POLICY

Certain advertising practices undermine Amerock's reputation, brand, goodwill, and premium image. These practices also discourage sellers from investing in Amerock products and providing the best possible service and support to customers. To protect the integrity of the brand, Amerock has adopted a unilateral Minimum Advertised Price Policy ("MAP Policy"), which applies to all authorized sellers of Amerock products. The Amerock MAP policy is effective September 1, 2020 and supersedes all prior Amerock policies or representations regarding minimum advertised prices or resale prices.

**In its sole discretion, Amerock has determined that advertised prices for all MAP covered products may not appear at a discount of greater than 15% off its manufacturer suggested retail price (MSRP).**

Advertised pricing refers to pricing information for MAP covered products in any form of media including, but not limited to catalogs, flyers, websites, social media, banner ads, pay-per-click ads, paid search ads, sponsored links, seller-initiated text and/or email messages and any other marketing or promotional materials whether displayed online, through broadcast or other media. Advertised pricing does not include pricing information displayed at the "final checkout stage" of a transaction or pricing information available to a customer only after logging into their account.

The MAP policy does not apply to any product designated by Amerock in writing as a discontinued, planned to be discontinued, clearance or closeout product.

Each seller may independently choose whether to comply with the Amerock MAP policy. Noncompliance with the Amerock MAP policy is strictly monitored and repeated violations will result in termination of the business relationship.

All Amerock direct customers are responsible for distributing and/or communicating the terms of this policy to their customers (resellers). Although Amerock is not directing any seller to require that its customers comply with this policy, a violation by any such third party will constitute a violation by the seller.

## AMEROCK MAP POLICY *(continued)*

Amerock may update, revise, suspend, terminate, reinstitute, or modify this policy at any time in its sole discretion. Any such modifications will be made available to all authorized sellers. If Amerock changes the MAP policy for any covered product, it will provide at least thirty (30) days' notice to sellers before the changes are effective.

Please direct any inquiries about the Amerock MAP policy or requests for an updated MAP price list to Amerock's MAP Policy Administrator at [amerockmapinquiry@amerock.com](mailto:amerockmapinquiry@amerock.com).

## ONLINE SALES POLICY

In an effort to preserve brand integrity, Amerock has chosen to prohibit online sales of its products without our prior written or electronic consent. This restriction of online sales is also applicable to online marketplaces including, but not limited to Amazon.com, Walmart.com and Ebay.com. Please direct any inquiries regarding this policy to [authorized.reseller.program@amerock.com](mailto:authorized.reseller.program@amerock.com).
