Personal Profile

First-generation college student with a record of academic excellence, authorship, and entrepreneurial initiative. I have published original literary works, founded and managed a successful pet-care concierge business, and volunteered with organizations supporting vulnerable communities. Pursuing transfer to complete a **B.A. in Psychology**, I aim to integrate the humanities and the arts in examining human behavior and mental health. My resilience, adaptability, and lived experience inform a deep commitment to scholarship and empower me to contribute a distinctive and empathetic perspective to my academic community.
