BLACKBOX SECURITY PARTNER PROGRAMME

PARTNER PROGRAMME

BLACKBOX SECURITY PARTNER PROGRAMME

On-Demand Cyber Security Testing & Expert Guidance

Access experienced cyber security specialists whenever you need them through a flexible annual partnership programme.

Your cyber security team. On demand.

A Simpler Way To Access Cyber Security Expertise

The Blackbox Security Partner Programme provides flexible access to cyber security testing, consultancy and expert guidance through a single annual subscription.

Instead of procuring individual projects throughout the year, organisations gain direct access to experienced security professionals when support is needed.

Included With Every Package:

Unlimited Advice & Guidance

Priority Scheduling

Flexible Use Of Purchased Days

Access To All Services

Senior Consultant Delivery

Predictable Costs

One Programme. Every Service

Use your subscription across our complete service portfolio

Security Testing:

- Penetration Testing
- Web Application Testing
- Cloud Security Testing
- API Security Testing

Adversary Simulation:

- Red Team Exercises
- Social Engineering
- Vishing Assessments
- Phishing Campaigns
- Physical Security Testing

Security Consultancy:

- Cyber Risk Assessments
- Security Reviews
- Security Architecture Reviews
- Executive Security Briefings

Support Services:
