## Introducing... the Friends of Nunavummiut Academy Mobile Software Training !

### Prepare for Devolution - coming April 1, 2027 !

Our teacher will come to your Nunavut community to teach this set of introductory courses – at **60% off our regular rates!** (if you book by Dec 31, 2025) . See website for [available dates in 2025/26](#) or [2026/27](#)

You can also **lock in 60% off sale prices** on [additional courses from our full course list](#) by booking by Dec 31<sup>st</sup>. See our website for a [complete course list](#).

Typical introductory courses in Word and Excel cost up to **\$1,895 per day** in Canada, and they are almost all virtual (online). Our regular rates are **70% less** than these rates, and our sale prices are almost **90% less** than these rates!

**These classes are NOT virtual**, but your staff will be in-class, with a **highly qualified teacher** – Our teachers speak plain English (not the typical geek-jargon that many southern teachers speak.)

Our courses are longer than typical southern courses because we will do many real-life practice exercises; our introductory courses cover only the features of the software that you will use every day. And with our mentoring program you can have one-on-one support after the training.

This total course schedule is **4 weeks of half day (3 hour) classes** - so your staff can keep up with their daily job responsibilities.

We require **only a 50% deposit to lock in your savings of 60% off our regular rates!** (The usual industry standard is full payment when you book your classes.)

**If you have a room** and enough tables for up to 15 students for the classes, we will pay you a substantial rental fee. We will also pay a rental fee for a **small bedroom for the teacher**, so he doesn't have to live in an igloo or tent.

**To lock in your savings of 60% off - book by Dec 31<sup>st</sup> 2025.** (Choose your dates as soon as your community has booked 10 seats - first come, first served;

See our website for our calendar of [available dates in 2025/26](#) or [2026/27](#))

**Help us spread the word to other employers and business people in your community!**

**For more information** about **Friends of Nunavummiut Academy** - our vision and philosophy, our [full list of courses](#) and our mentoring, tutoring and accounting consulting services – and the [available dates](#)

See our website - [friendsofnunavummiut.ca](http://friendsofnunavummiut.ca) or email - [friendsofnunavummiut@protonmail.com](mailto:friendsofnunavummiut@protonmail.com)
