

Fighter Grinder Pump

A powerful grinder pump designed for heavy-duty wastewater applications, including whole-of-house systems. Its brushless DC motor provides more torque than AC units, with added benefits of lock rotor protection and constant speed under load.

Power	230V, 4.0 Amps
Motor	0.8HP, 600w brushless DC 'grinder-type' motor
Liquid Temperature Range	0-40 Degrees Celsius
pH Range	6-8
Maximum Immersion Depth	7m
Outlet Size	32mm
Materials	Cast Iron (Pump Body)
Certification Standards	AS/NZS 60335.1:2020 AS/NZS 60335.2.41:2013+A1
Automatic Operation	Via Float-Switch
Warranty Period	Two Years
