

Two-Litre Pressure Vessel

Helps Prevent Frequent Stop/Start Running of Pumps

Capacity	2.8 Litres
Max. Pressure	10bar/145PSI
Thread	1"/25mm
Max. Temperature	90 Degrees Celsius
Materials	• Fixed Butyl Membrane • Polypropylene Liner • Stainless Steel Thread Connector • Baked Epoxy Coated Exterior
Code	2LPV
Warranty	Five Years

Eight-Litre Pressure Vessel

Helps Prevent Frequent Stop/Start Running of Pumps

Capacity	8 Litres
Max. Pressure	10bar/145PSI
Thread	1"/25mm
Max. Temperature	90 Degrees Celsius
Materials	• Fixed Butyl Membrane • Polypropylene Liner • Stainless Steel Thread Connector • Baked Epoxy Coated Exterior
Code	8LPV
Warranty	Five Years
