Zulfiqar Ali: Computer Science Tutor

✅ **Certified Tutor**

With a **Ph. D.** in Computer Science from Texas Tech University, TX, USA, a **Master's degree** from Wayne State University, MI, USA, and a **bachelor's degree** from NED University, Karachi, Pakistan, I bring a solid educational foundation, extensive teaching experience, and a passion for fostering professional software engineering practices.

I am lucky to have been exposed to three diverse job scenarios: industry, teaching, and research. Hence, I aim to nurture several distinguishing characteristics in the students, like producing a satisfactory output, indulging in lifelong learning, and consistently working hard to innovate something new for the community. I will teach self-confidence among the students so they believe in themselves.
