- Coordinated with contractors and construction teams to ensure work is completed safely and effectively.

The Global Recruitment Co.  
[www.theglobalrecruitmentco.com](http://www.theglobalrecruitmentco.com)  
[contact@theglobalrecruitmentco.com](mailto:contact@theglobalrecruitmentco.com)

- Addressed on-site challenges and adjusted plans to deal with unexpected issues.
- Designed detailed designs for construction projects using AutoCAD, Civil 3D, and Revit such as site plans, designs for structures, and system layouts.
- Identified and purchased construction materials, equipment, and services under project specifications and budgets.
- Analyzed the viability of the design while considering the material's qualities, structural integrity, and safety considerations. Guaranteed designs adhere to regional laws, safety requirements, and ecological factors.
- Provided project managers and stakeholders with regular updates on the status of design, procurement, and construction. Resolved design and on-site construction difficulties using effective procurement solutions.

#### **AADHYA INFRA July 2021 – October 2021 Construction Site Engineer Hyderabad, India**

- Conducted site reconnaissance and regular inspections to ensure timeliness and quality standards.
- Authored technical reports and prepared quality supporting report documents/files.
- Maintained communication with team members throughout the project.
- Planned, scheduled, and tracked project timelines and milestones to ensure on-schedule progress.
- Managed the daily operations of a construction site, including scheduling, budget tracking, and safety protocols.

#### **VIRTUSA LIFE SPACES May 2020 – April 2021 Site Engineer Intern Hyderabad, India**

- Underwent a full-fledged internship under the site engineer learning skills for management in construction
- Additionally, the tenure included total familiarization with the company's operation & process of construction

management.
