Creating A SAFE List

Please use the following when contacting potential location donations to introduce yourself and explain more about who SAFE is and what we are looking for in a potential partner. Anything highlighted in red is just a reminder to change to your name before emailing or calling.

Hello!

My name is **Jennifer** and I represent SAFE, which stands for Stuffed Animals For Emergencies. We are a 20-year-old nonprofit that collects and cleans donations of stuffed animals, books, blankets, children's clothes, and baby items and then donates them to organizations like yours to give to children in traumatic or emotional situations. Would you be interested in receiving donations from SAFE? Everything is entirely free to you. Our mission is to get as many of these items in the hands of children that could really use the comfort in times of great stress.

If you are interested please let us know, we would love to help!

Thank you so much for your time!

Sincerely,

Jennifer Alloy
