Skinny Hendrixx & The Earthtones flawlessly blend elements of Soul/NeoSoul, Funk, R&B, Latin, Jazz, and Hip Hop to create an intoxicating cocktail that stimulates and soothes all at once.

This 8-piece West Oakland band combines the deep, conscious lyricism, and impeccable flow of golden era hip hop with the nuance of live instrumentation that pulls from a variety of styles to create a warm, organic experience that feels familiar, yet brand new.

Mix chunky bass grooves, guitar sugar, haunting violin lines, wailing horns, ethereal keys and vocals, with that signature Skinny Hendrixx flow and the results are an explosive sound that moves crowds wherever they go.
