## Chapter Director's Greetings

### Chapter M2 November 2017 By Dale Yager

While most of the riding schedule has come to an end, we still have things to do.

The bonfire that was canceled last Saturday minus another monsoon will be this Saturday, November 4<sup>th</sup>. Arrive around 6:30pm, bring a snack to share and maybe a chair. We have chairs here but not enough for everyone. Don't bother going to the front door, just wander around back. If you are going to attend the Christmas party, you might want to bring your deposit with you. It's \$5.00 per person and will be refunded at the party.

We will still have our November gathering but there won't be a gathering for December, we have the Christmas party instead. It is set for Sunday December 3<sup>rd</sup> from 5pm to 8pm.

The J. Iverson Christmas event will be Saturday, December 2<sup>nd</sup>. We will be sending a team there to give to the residents of the facility. I will get more information on what time we are leaving as well as the items needed by the residents. We will need to know at the November gathering who might attend.

I would like to acknowledge Bob and Diane Redding for bringing a new member to our group. Dave Platt went on a ride with us last month and joined GWRRR at the last gathering. You can't miss Dave's bright red Wing. Bob also brought AJ to our last gathering. He is checking out our group and hopefully will visit us again.

We are looking for someone to cover the "Sunshine" aspect of the Chapter. This position consists of sending birthday cards to members as well as acknowledging birthdays and anniversaries at the gatherings. We thank Betty for handling these duties for the past year.

Early next year we will forming a committee to put together our ride schedule for the season. All are welcome and all ideas will be considered.

## Friction Zone

OK, OK, OK! I know everyone knows what the friction zone is. For those of us who don't want to show ignorance it's the area in the clutch movement that allows partial power from the engine to reach the wheels until the clutch is fully engaged. It helps from stalling the engine or doing a wheelie when we first start movement.

Why is this important? It also aids in slow movement of the motorcycle. (Try pushing the beast up an even very gradual incline in a parking lot.) The friction zone makes that chore a lot easier.

It also aids in slow speed maneuvering. Keeping a constant engine speed (about 2 thousand rpm) and using the clutch in the friction zone can give you very good control in slow speed maneuvering in normal circumstances like just parking. If you need to ride for a longer distance such as through a cluttered lot to get to the other end because you entered on the wrong end and the place you want is over yonder try this method. Start moving set a constant rpm with the throttle and use the brake to control speed.

## REFLECTIONS OF THE MEMBERSHIP ENHANCEMENT COORDINATOR

Well here we are, the 2017 riding year is coming to an end. There is one more monthly gathering and our Christmas Party.

Keep in mind that all Chapter members are welcome and if you have not been able to attend gatherings, rides, CNO's and other events this would be a good opportunity to meet the group and get involved! The Christmas Party details are elsewhere in the newsletter.

Take a moment to assess this past year. Enough rides? Events? Involvement? Come January – February there will be a committee formed to compile ideas and suggestions for next year's activities. If you have ideas for places to go and/or things to do, jot them down and get them to the committee. Everyone's contributions are what will make this Chapter thrive!

Also, I have mentioned this before, there are positions open on the Staff. Please do not make a few willing members do all the work. Anyone can contribute in some way. Contact Dale or any Staff member if you have questions.

For now I will leave you with the hope of seeing you at the November gathering, definitely at the Christmas Party and looking forward to your ideas and contributions to the Chapter.

Later.....

Ken Weglarz
