Chapter M2 August 2018

By Dale Yager

With half of the year in the rear view mirror and the rest still in our windshield there is much to talk about. As we still struggle to grow as needed we are doing our best to give the members a great riding season.

After the gathering in June we had to change our plans due to the weather, landslides, temperatures, etc. We took an alternate ride to Mt. Mitchell. We had a great group for this ride, a pretty good lunch and the temperatures were bearable. The following day we had the Helen, GA ride scheduled but not too many people were interested in it and I got sick so we did cancel that ride.

A small group of us did have a great ride to Mt. Airy. We rode the Parkway most of the way there and were able to see some great scenery except for the section that was blanketed with heavy fog. When you see one foggy road you have seen them all! With Bob Topper in the lead, Ken and Karen tail gunning, Bob and Diane Redding and Michelle and me in the middle we worked our way through it. Besides all the Andy Griffin/Mayberry history and memorabilia, we took a ride to the top of Pilot Mountain. We had a nice ride home and nearly a perfect weekend. A big thanks to Bob Topper for setting this up and taking care of all the details.

For the Friday night ice cream ride on the 27th the rain came just as we were about to meet for the ride but Johnny Johnson, Bob Topper and I showed up anyhow. Bill and Jody Nagy who came into town early came too. The rain let up and we had a beautiful evening ride to Ultimate Ice Cream in Asheville.

Most recently in the rear view mirror was our joint Chapter I and M-2 Bill and Jody Nagy picnic. These two wonderful GWRRA members came down for a second time this year, mostly to visit us for this picnic. If you were there you got to know what special people they are. Besides the pleasure of their visit, we got a little rider education from the source themselves. We had a short gift exchange where we presented them with Chapter shirts and they gave all our active Road Captains a prepared trauma kit for their bikes. They plan to be at Wing-Ding this year with their Michigan Chapter and we are making plans to bump into each other there. We want to give a huge thank you to Ken Weglarz and Karen Newhall for totally taking care of the picnic portion and to Charles Weinhagen for routing us a nice ride to the picnic.

We decided to postpone the Progressive Dinner as we ran short of time for an alternate plan. Sometimes things are out of our control and rather than do it poorly we preferred to re-think the entire event. A mistake on our part was to have two events that take so much planning right on the heels of each other.

With some of the events behind us we can look forward again.

After next month's gathering we will ride over to Tennessee to visit the Bush Beans Visitor's Center.

Wing-Ding is right after that in Knoxville, TN on August 28th - September 1st. There is no better place to get the needed accessories for that new bike or to make your old bike feel new.

We still have room for people to join us on the Barber Museum weekend ride from September 7th to 9th to see one of the largest collections of motorcycles in the world! I have set aside 8 rooms at a great rate. See the attached flyer for more information. The last day to sign up is August 15th. Please contact me for any more information. doowing@aol.com.

Did you like the Asheville Tourists game? We are doing it again but I will let Ken fill you in on that.

Don't forget to check out our website for any updates and re-print the ride schedule that you may have misplaced.

If you're a Road Captain, we need you to help out with some of the planned rides. I will be able to handle most of the rides but not all of them. Want to help out? Pick a ride or two listed on the schedule and offer to organize and lead them. Remember this is **our** Chapter, not just mine.

No words needed! LOL

RIDE COORDINATOR

Riding In All Conditions

This past month alone I have ridden in extreme temperatures, heavy fog, and moderate rain. I have ridden long distances, short rides, led some rides and just fallen in the pack for others.

If you ride at all, any or all of these conditions can happen. Certainly we can watch the weather on the news and kind of have an idea of what to expect.

Why not be prepared for all the conditions? Michelle gives me hell sometimes for having too much stuff on the bike and she is probably right but I carry what I do because I think of what I may need in certain situations.

Admittedly, sometimes a credit card in your wallet takes up a lot less room but if I can deal with it I will.

When some people open their saddlebags and I see them empty, I wonder if they ever think about the what-ifs? I challenge you to start thinking about what-if and put something in those big empty bags.
