Chapter M2 September 2018 by Dale Yager

NEWS FLASH: We will still have our gatherings at the J&S Cafeteria, 9:00AM for breakfast and 9:30AM for the gathering, however, J&S will be serving a **breakfast buffet** rather than a cook it as you order. This will be an all you can eat buffet and I was told the cost would be around \$6.00 per person. Our next gathering will be September 15th with a ride afterwards. ****Please remember to bring any outstanding raffle tickets to this gathering.****

As I did not write my article before Wing Ding, I am a little late with it. Michelle and I were in Knoxville from Tuesday until the bitter end. Bitter end meaning no one I know won anything. We spent a lot of time with Bruce and Barb Lobach and am so pleased to announce Barb is doing well. She does get tired easily and still has some healing issues ahead but is looking great! The Nagy's were there with around 27 of their Chapter members. They were off doing all sorts of things. We did get to visit with them for a short bit but unfortunately it was too difficult to spend any quality time with them. Ken and Karen made it to their first Wing Ding. We went for a ride on Friday and had to seek shelter as we were in a deluge of rain.

Michelle and I had a demo ride on the new 2018 Goldwing Tour DCT. It does not even feel like the old (2016) Goldwing. I will say that it was light to handle. Would I be ready to pony up some serious money for one in my future? No thanks.

Right on the heels of Wing Ding, Michelle and I will leave for Birmingham with Rusti and Gerry, Bob Topper and Frank Pizzardi on Friday and return on Sunday. For some, this will be their first long distance road trip.

Next up is Wings Over the Smokies. It was confirmed that we will be handling full registration on Thursday, Sept. 27th, from 9:00AM to 12:30PM. We will be leaving Ingles on Rt. 280 in Mills River at 7:00AM to arrive in Waynesville early enough to set up and man our shift. After we fulfill our shift, we can go to lunch together at Fat Buddies. Please plan to wear your Chapter shirt for this event.

Another medical update, Ed Spangler just had cataract surgery and Kelly has broken her left collar bone and right arm in two separate incidents. Also, Debbie Lewis is still recovering from her treatments as well.

Don't forget to check out our website for any updates and re-print the ride schedule that you may have misplaced.

If you're a Road Captain, we need you to help out with some of the planned rides. I will be able to handle most of the rides but not all of them. Want to help out? Pick a ride or two listed on the schedule and offer to organize and lead them. Remember this is **our** Chapter, not just mine.

RIDE COORDINATOR

CO-RIDER

What is the role of the co-rider? Is it to sit down in the passenger seat and keep quiet? I don't think so. The rider is in control of the bike moving, turning, speeding up, slowing down and braking. When a rider takes on the responsibility of having a co-rider the entire dynamics change.

We have worked it out where the co-rider has their responsibilities both on and off the bike. Off the bike the co-rider can help with inspecting the bike before the ride begins. Are lights (brake & signal) working properly? Is there anything that looks out of the ordinary?

As far as getting on the bike, Michelle waits to get on the bike until signaled by me that I am ready.

A co-rider's input is important so the intercom on Goldwing's are critical. As an extra set of eyes, they can inform you of traffic issues, lane changes or any issues with other bikes with which you are riding. The laws of physics say while you are looking in one direction, you obviously are not seeing the other direction. Michelle has no trouble telling me what she sees as an issue.

Since a co-rider puts their life in your hands, their input should be critical to you as well.

REFLECTIONS OF THE
MEMBERSHIP ENHANCEMENT COORDINATOR

Well gang, the word is out and plans need to be made. Didn't make Wing Ding this year? No problem, Wing Ding 2019 is to be held in Nashville, TN. I could not believe that it would be held so close two years in a row. Start planning now, you have a whole year so no excuses!

Wing Ding 40 in Knoxville was our first opportunity to attend the Rally. Karen and I are not great long distance riders and went to this one figuring it would be a long time before it would be this close again! Then they announce Nashville for next year. Not as close but still doable. Make plans now!

Here is my take on the Rally:

1. Our motel needed improvement
2. It was hot
3. Not overcrowded as the 8000 attendees were never in one place at the same time
4. Needs more vendors
5. If you go on a ride with Dale, bring your wet suit as you will need it at least a couple times
6. Opportunity to try the new 2018 Goldwings. I passed.
7. Great 50/50 even though I didn't win it

Over all a good time and something everyone should try to attend.

Everyone seems to have the idea that the riding season is coming to an end. To me the best riding weather is arriving. Cool mornings, warm mid day, cool evenings. Another big plus is that the young folks are back in school. Fewer crowds during the week. So let's all look forward to some nice New England like weather and continue the riding season.

Till then.

See you on the Road,

Ken Weglarz
