Chapter Director's Greetings

Chapter M2 December 2018 by Dale Yager

Happy Holidays!

At this last month's gathering we met our newest member, Craig Lembke, and his service dog Lucy. We welcome them to the group.

Craig, Lucy, Ken Weglarz and Karen Newhall, Bob and Diane Redding, Bob Topper and I went to the J Iverson Riddle Center to give our adopted residents, as well as others, a little something for Christmas. I want to thank all of you who donated gifts even if you were not able to make the trip. The enclosed picture is of the gifts for the residents that we sponsored and does not include the gifts that we gave to the rest of the residents. When you go to sleep tonight, remember you did a good thing! This is one of the reasons I belong to GWRRR. Our members are good people that do good things for others.

It's not too late to sign up for the Christmas party but it will be soon. You have until December 10th to do so. We must give the restaurant a good head count. You can sign up either through me at doowing@aol.com or Rusti Boykin at RBwings@yahoo.com.

This is in place of a December gathering.

Do you like what we do, where we go and how we get there? I do, but it doesn't just happen. Every year we make plans in advance. We start with a tour meeting in January. The exact date and time is still to be determined but everyone is welcome for input. You don't have to be an officer or hold a position. You don't have to be a Road Captain. Any member can participate. We are looking for ride destinations, exciting routes, and things to see and do. Start writing down your ride ideas and make a plan to be part of our tour committee.

RIDE COORDINATOR

It's a nice sunny day in the mid-winter and you get this nagging sensation to get out and ride. I get it all the time but just opening the garage door and pointing the bike out the driveway without much other thought can be dangerous.

Sunny does not necessarily mean warm and safe. Before you leave you have to be in another mindset. The temperature that it is at this minute can change drastically with quick weather fronts, changes in elevations, and sunny areas vs shady areas. You need to plan for what the weather might be, not what it is.

If you get caught riding later than planned or after the sun sets, the temperature drops quickly. I have ridden in the mountains with the temperature above freezing only to round a curve and into the shade and found water that has frozen on the road surface.

This is why even when I do ride this time of the year I will keep it short. I ride in the daylight only and stay in the lower altitude areas. If you have not thought of all this, I hope reading this can help keep you riding safely.

Fall bonfire on a chilly night. Fun time with friends!

Tis the Season.....

Can you believe it's December already? 2018 has flown by. It wasn't the best riding year but keep our fingers crossed that 2019 will bring many perfect riding days!

Hope all of you will join us at the M2 Christmas party on December 15th! We will definitely have a good time along with good food! The Christmas Swap is going to be different this year but it should be a hoot! Come one, come all and make new friends with members of Chapter NC-M2!

Have a wonderful Holiday Season and safe travels out there!

See you next year!

Til then
