Chapter Director's Greetings

Chapter M2 April 2019 by Dale Yager

This season is looking to be a great one if Mother Nature works with us some. We are in the final stages of our ride schedule for the season. Even though we have put some information on the web site, (You do look don't you?), there may be some small changes as we work out the details.

Our first ice cream ride is in a couple days and the weather is supposed to be fantastic. Saturday the 30th of March we will be finalizing the ride schedule. We are working on the details for the overnight events we have in store. Thursday, April 4th is cook's night out at Mike's Pizza and Pasta on Spartanburg Highway and on April 6th we will have a Tech Day trying to get as many people together to learn how to work on bikes.

Our Road Captain class will be after our gathering on April 20th. For those not attending the Road Captain class, there will be a ride to Strawberry Hill. This is just a taste of some of the things being planned.

We are still working towards getting new members to join and old members to come back. Attend 3 gatherings and earn a free North Carolina Motorcycle inspection, courtesy of Schroader's Honda. Attend 6 monthly gatherings and you will be entered for a chance to win a free service valued over \$100.00.

If you are already a member and haven't been in a while, come to a gathering and get 5 free tickets for the grand prizes at Wings Over the Smokies which includes a 2019 DCT model Honda Goldwing.

Our Chapter Couple / Assistant Chapter Directors Bob and Diane Redding have already been busy visiting other Chapters both picking up and handing off the Western Chapters Couples plaque.

March Happenings

Assistant Chapter Directors & Chapter Couple of the Year

What a great month it has been! We were blessed with some great riding weather and I thoroughly enjoyed riding, good food, fresh air, beautiful sights, and fantastic friends. It sure was nice to get out and ride again, and I look forward to a lot more adventures in April as the weather becomes even better!

One area I noticed that could use some improvement is visitation from our members to other chapters. Diane and I visited three other chapters in March, and Rusti, Gerry, and Craig joined us at some of them, but we need more representation from our chapter.

At our March meeting we were pleased to welcome four people from Spartanburg Chapter K that battled the cold weather and rode their bikes to our meeting. They meet on the 1st Tuesday at 6:00 in Boiling Springs at The Grapevine Restaurant. I hope we can visit them and show our appreciation for their journey to come to our meeting. Four chapters came to visit us in March which doubled the number of people there.

More people make meetings a lot more enjoyable so let's do what we love to do and ride to meet new friends that share our passion for riding.

LETS RIDE!

Bob & Diane Redding
Asst. Chapter Directors
Chapter COY

Here we are again! April 1st of a new year! For those of you that do not remember, April 1st 1950 at 11:01am I was brought into this world screaming from the cold hands of my Mother's obstetrician. For the past 69 years I have heard all the April Fool jokes and had all the pranks played on me but here I am! To help celebrate my birthday there will be cake at the Cook's Nite Out this Thursday, April 4th at Mike's Pizza & Pasta on Spartanburg Highway. Make plans to be there by calling Rusti and letting her know by Wednesday noon.

The Ride Schedule for 2019 is complete pending the verification of a few details regarding NEW events for this year. It is once again a full schedule with a large diversity of rides and events to please everyone!

It will be posted on the web site real soon. So get ready to travel!

Make sure your bike is ready to hit the highway by attending the Tech Day at Dale's house this Saturday, April 6th at 9:00 am at 112 Mountain Place, Hendersonville. Help and question answering will be available at that time. Will send out for lunch.

See you all soon,

The Birthday Boy
Chapter MEC

RIDE COORDINATOR

Time to get down!

I am not talking about the music of the 70s but rather on the garage floor. It sure is convenient having the latest tire pressure monitors with digital pressure readouts but that's only part of the story.

Of course I watch how much mileage I have on a set of tires and even though you can generally predict how far they might go you cannot bank on it. I have to admit, I am always optimistic about how many miles I will get out of a set of tires but more often than not I fall short of my expectations. My current tires have 9,000 miles on them and not much life left. I always hope for 12,000.

Do you know how to spot your wear bars are on your tire? These tell you when the tires need to be replaced.

You should be on the floor rolling your tires around looking for uneven wear, damage to a tire, any objects that may have gotten stuck in the tire and cupping on the tire. The tire monitors might let you know you have lost some pressure, but you need to find out why. More often than not it's something stuck in the tire.

Also look to make sure your valve stem support is in place. If they become loose they can often be snapped back into place. Sometimes they do have to be replaced. It doesn't cost much to have a spare so I carry an extra one on the bike. It makes you feel much better when you're miles from home and you realize you need one. I do often do it to the 70s music in the background.

Dale Yager
