(910) 724-7129

**WOW!!! We had a great start to the month and at the end of the month, Western NC had a once in a thousand year destructive weather event!! I have been talking to so many people that have had little damage to devastated and all in**

**between!!! I know that Ken, Karen and Dave Platt have had considerable damage so please remember them. My heart goes out to all and if any of you need anything please reach out and we will do our best to help! Debbie and I had no power for eleven days and little to no internet and phone, but we appear to be back now. I met with Bob and Dale and we discussed upcoming events as well as started brainstorming for next year as well. Stay tuned for things to come and some of the things we canceled are being rescheduled...at the October Gathering we will lay out the future events. We should get back to normal soon?**

I know that many of our normal roads are either shut down / impassable or gone so our rides will be limited for the near future. Wednesday Hump Rides will resume as soon as we determine the road conditions and most likely we will be riding south most of the rides in the near future. We will continue the breakfast every week and if you can attend please do. It is a great time for fellowship. Some of you are anxious to ride as well as I am but our priorities should be on helping the recovery efforts of those in need. We will resume shortly!!! Again we will discuss a lot during our Gathering this coming Saturday, October 19th.

On a side note Debbie and I celebrated our 50th wedding anniversary during the hurricane, we repaired fences the whole day, she's a trooper!!! Please pull together with the community and help your neighbors and relatives recover!!! Next month's newsletter will be full of info from the State rally and other events.
