JANUARY 2026

2025 A YEAR IN REVIEW

Lots of fun had by many. A Lot of good in our communities as well.

Founders Report

How do we recap 2025? Starting off with our Stone Mountain ride in Georgia, opening up the Largest Confederate Flag at our National and ending with swearing in 5 brothers from Tennessee's "Dark Side" on December 13th. It has been an incredible year and 2026 doesn't look like it's going to be slowing down.

We have been hammered with Men interested in joining the Copperheads. What a compliment and blessing to the Copperhead Nation. It's never been about numbers for us; it's always been about the quality of the Man. We know quality Men and a winning organization will attract quality prospects. We do not

sell a patch for cash and never will. We need to meet and get to know you. We may not like you and or you may not like us.

Going into 2026 The Copperhead Nation is on schedule to open up chapters in 3 New states by 1st quarter 2026 with interest from 2 more. The reason for such strong growth is due to our vetting process and staying true to our founding principles of Honoring the Confederate Soldier, Celebrating Southern Heritage and Supporting Limited Government.

As we close this year out, Brick and I would like to thank all the brothers of the Copperhead Nation, Ladies of Liberty and our family members for all your hard work. We would not be where we are today without all the things that you do. You are the reason we had an incredible 2025 and going to having a strong start in 2026. The best is yet to come!

**Sincerely
Founders

Reports from some of the Captain's

Hello Brothers and Sisters,

I'm writing about our past year 2025. Virginia Copperheads had a very good year overall, like life itself there were up's and down's, but I feel many more up's than down's. We had some awesome rides like to Weldon NC for my birthday and to the graffiti house, Gettysburg and to Jackson Ga for a great National. We all had local rides throughout the state and like everyone we lost a few people but picked up great new Brothers. We also started a new regiment Chew's Battery, and we are looking for big things from them and the Mountain Rangers in the Lexington area. One of our down's, Mosby's Rangers 1st Sgt has had a rough year, and we are

praying for him. BlackHorse has grown a little and has started our new Copperheads State Headquarters in Prince George Va and thank Hijacker and his lovely wife Crystal for letting us use a building on their property. We are looking for another great Copperhead year with Growth and prosperity to all of our Copperhead Nation.

Every motorcycle rider writes his own story and makes his own journey. It's time to make that journey count.

Our nation's Confederate Heritage is under attack. In nearly every town square across Dixie, and even up North and out West, the symbols of our People are being removed. Our Founding Fathers' belief in States Rights is precisely what those brave Southern men and women sacrificed for. Our adversaries intend to destroy any monument to that legacy. It's damn well gone far enough.

We're gaining new members daily, with chapters in Maryland, South Carolina, Virginia, Pennsylvania, West Virginia, North Carolina, Alabama, Georgia, Florida, Texas... and a *Ladies of Liberty* organization to support us. We're a family you'll surely recognize.

To join the Copperheads, Confederate ancestry is not a requirement. Being a true American is. If you have a motorcycle, if you are willing to saddle up and defend the memory of the Confederate soldier, and if you share our ancestors' desire for a limited government, we hope to hear from you soon.

Compatriots, we have the momentum, and we plan on keeping it. It's time for all of us to ride. Together.
