

Work Station Water Separation Traps

Made in USA
Using International Components

Air Output, 3 Places

Specifications

Max. Pressure: 200 PSI
Drain Port: 1/2" (F) NPT

3/4" x 1/2" Trap

Input: 3/4" (M) NPT
Output: 1/2" (F) NPT
Height: 15.50"
Width: 4.50"
Depth: 4.00"
Weight: 8 Lbs.

1" x 3/4" Trap

Input: 1" (M) NPT
Output: 3/4" (F) NPT
Height: 16.50"
Width: 5.25"
Depth: 4.25"
Weight: 13 Lbs.

Air Options work station traps are designed to operate in the most rigorous industrial environments. They are constructed from all-welded steel piping components and use forged steel NPT fittings. Each trap has three output ports to aid the technician during installation and interfacing. Air Options work station traps are intended to provide a permanent solution for your compressed air application sights.
