BOOK REVIEW by Sue Lane Johnson

PAGAN THREAT

by Lucas Miles –

ISBN #9781630062927

Lucas Miles is a best-selling author, a close friend of Charlie Kirk, and headed TPUSA FAITH (Turning Point Faith). Charlie encouraged Him to write his new book Pagan Threat. An ordained pastor, Lucas Miles leads Nfluence Church and has served on global missions and at national events like the National Prayer Breakfast.

America is under attack as never before: our culture, our Judeo-Christian values, our traditions, our freedoms and our very country, are ALL under attack. (We saw this attack in the most vicious and bloody way with the public assassination of Charlie Kirk). Charlie told Pastor Miles he wanted to write the forward for Pagan Threat because America was in grave danger.

Charlie's powerful foreword is: "Because in today's America, the Christian faithful are faced with a terrifying and broad array of dangers and threats. We are menaced not by new false gods, but by the return of demons from long ago. In the pagan world, THE INDIVIDUAL HUMAN LIFE WAS OF NO IMPORTANCE".

This is more than a book -- it's a wake-up call for all Americans and for faithful Christians who want to take a stand against the spiritual deception sweeping across America.

Pagan Threat serves as an insightful guide, a warning, and call to action, urging readers to understand, confront, and ultimately defeat this enemy. Pagan Threat confronts America's Godless uprising.

The future of our great nation depends on our collective strength, faith, and our unwavering commitment to the truth.

Charlie Kirk's final words: "Don't just read Pagan Threat, internalize what it has to say. Then, share its message with your Christian friends, before they are seduced by paganism themselves. We have a faith and country to save".
