Boston, MA

DETAILS

K-13 Light Gray
150,000 Square Feet
4" Thickness

150,000 square feet of K-13 has been installed in this dramatic renovation in the Seaport District. Chosen for its Class "A" fire rating, Light Gray K-13 was applied to the roof decks and walls providing R-Values of 20 on the roof decks and R-Values of 15 on the walls. Along with the thermal performance, the owner is now experiencing high NRC Ratings which control the reverberation within the massive space. For more information regarding K-13 call 508-678-1118 or visit our web site @ www.atiincorporated.com.
