# PROJECT PROFILE

## America's Test Kitchen

### PROJECT

America's Test Kitchen  
21 Drydock Ave, 2nd Floor  
Boston, MA

### ARCHITECT

Packard Design  
2 Seaport Lane, 12th Fl.  
Boston, MA

### DETAILS

SonaSpray "fc" Black  
25,000 Square Feet  
.5" Thickness

The hit TV show on PBS, America's Test Kitchen, chose SonaSpray "fc" for their new high end studios at the Boston Design Center on Drydock Avenue in Boston Massachusetts. SonaSpray "fc" Black was applied directly to the concrete ceilings to provide a Noise Reduction Coefficient of .65 for acoustical control. Over the years more than 20 tenants at this address have utilized K-13 and SonaSpray "fc" for similar purposes. For more information regarding SonaSpray "fc" call 508-678-1118 or visit our web site @ [www.atiincorporated.com](http://www.atiincorporated.com).
