PROJECT PROFILE

B.U. East Campus Center

PROJECT

BU East Campus Center
100 Bay State Road
Boston, MA

ARCHITECT

Bruner/Cott & Assoc.
130 Prospect Street
Cambridge, MA

DETAILS

SonaKrete White
9,500 Square Feet
.75" Thickness

Bruner/Cott & Associates left nothing to chance in this spectacular new space at the Boston University East Campus Center. The specification of SonaKrete, which is troweled several times during the application, provides a very slight visual texture but is actually .75" thick with true Noise Reduction Coefficients of .75. This area could have easily been a home for 4 second reverberation times without this important focus on the details. For more information regarding SonaKrete call 508-678-1118 or visit our web site @ www.atiincorporated.com.
