PROJECT PROFILE

Boston University Theater

PROJECT

Boston University Theater
820 Commonwealth Ave
Brookline, MA

ARCHITECT

Elkus Manfredi Architects
25 Drydock Ave
Boston, MA

DETAILS

K-13 Light Gray
40,000 Square Feet
3" Thickness

Once again Boston University taps K-13 for thermal and acoustical performance. 40,000 square feet of Light Gray K-13 was applied in the garage to ensure the floors above are comfortable and warm. In addition to the R-Value of 12, the Class "A" fire rating means there are no additional fire coatings required. Black K-13 was also applied to the ceiling in the theater above for its high performance Noise Reduction Coefficient ratings. For more information regarding K-13 call 508-678-1118 or visit our web site @ www.atiincorporated.com.
