

PROJECT PROFILE

Christ Church Cambridge

PROJECT

Christ Church Cambridge
Zero Garden Street
Cambridge, MA

ARCHITECT

Austin Architects LLC
219 Concord Avenue
Cambridge, MA

DETAILS

SonaKrete White
500 Square Feet
.75" Thickness

Maintaining the beauty of this barrel vaulted ceiling without looking at tile lines or wire and acoustical panels required a spray applied material that could contour to the ceiling and provide a high Noise Reduction Coefficient. With the troweled finish of SonaKrete, the owners were able to maintain the historic appearance of the space without having a textured modern look. Applied at .75", the NRC Rating of .75 removed any unwanted reverberation. For more information regarding SonaKrete call 508-678-1118 or visit our web site @ www.atiincorporated.com.
