PROJECT PROFILE

Converse Headquarters

PROJECT

Converse Headquarters
160 N. Washington St.
Boston, MA

ARCHITECT

BH+A, Inc.
300 A Street
Boston, MA

DETAILS

SonaSpray "fc" White
70,000 Square Feet
.5" Thickness

"Just do it!" doesn't only apply to Nike anymore. The new Converse headquarters said "just do it" on all ten floors of their new offices. From SonaSpray "fc" applied to fluted metal decks, to custom color SonaKrete on precast concrete, the acoustical materials were utilized in every area from open work spaces to executive conference rooms. Trimmed into the existing concrete beams and structural steel, the application maintains the clear lines of the original structure. For more information regarding SonaSpray "fc" or SonaKrete call 508-678-1118 or visit our web site @ www.atiincorporated.com.
