PROJECT PROFILE

Danvers High School

PROJECT

Danvers High School
60 Cabot Road
Danvers, MA

ARCHITECT

DiNisco Design Partnership
87 Summer Street
Boston, MA

DETAILS

K-13 White
50,000 Square Feet
1.5" Thickness

DiNisco Design Partnership has been around long enough to know that without a commitment to controlling reverberation, the renovation of this field house in Danvers Massachusetts would not be complete. With thousands of gymnasiums and field houses sprayed over the past 40 years with K-13, one has to experience the difference for themselves. From an incoherent rumble, this space has been transformed to an enjoyable experience without the company of endless reverberation and echo. For more information regarding K-13 call 508-678-1118 or visit our web site @ www.atiincorporated.com.
