PROJECT PROFILE

Education First

PROJECT

Education First
1 Education Street
Cambridge, MA

ARCHITECT

Wilson Architects
374 Congress Street
Boston, MA

DETAILS

K-13 Light Grey
16,000 Square Feet
2" Thickness

Not only did Education First select K-13 for the thermal insulation in the garage and retail areas, but also for the entire 10 floors as the interior finish for acoustical performance. The monolithic application provides a uniform, no maintenance finish which will ensure the comfort of office workers and shoppers alike. The application of K-13 also maximizes ceiling height clearances in the garage area, which is always a concern. For more information regarding K-13 call 508-678-1118 or visit our web site @ www.atiincorporated.com.
