SonaSpray "fc" White
6,700 Square Feet
.5" Thickness

Acoustics without architectural distraction. SonaSpray "fc", virtually invisible, allowed Moser Pilon Nelson Architects in Wethersfield Connecticut to ensure minimal reverberation without detracting from the simple exposed construction design. Providing a Noise Reduction Coefficient of .75, the application also controls condensation on the metal deck. For more information regarding SonaSpray "fc" call 508-678-1118 or visit our web site @ www.atiincorporated.com.
