Make sure you take some time to see the furniture when you visit the brand new Jordan's Furniture at the Warwick Mall in Warwick Rhode Island. Leave it to Jordan's to install a rival to Disneyland's laser and water fountain show in the middle of the showroom. Along with the obvious complications came the need for condensation control and acoustical performance. With one application, Black K-13 was up for the job. Applied to the walls and metal decks, K-13 protects the surfaces from the humidity while absorbing unwanted reverberation. For more information regarding K-13 call 508-678-1118 or visit our web site @ www.atiincoorporated.com.
