PROJECT PROFILE

Lesley University
Lunder Arts Center

PROJECT

Lesley University
1801 Massachusetts Ave.
Cambridge, MA

ARCHITECT

Bruner/Cott & Assoc.
130 Prospect Street
Cambridge, MA

DETAILS

SonaKrete Custom Color
15,000 Square Feet
1" Thickness

SonaSpray "fc" and SonaKrete were both utilized to maintain the clean hard lines of this new Lesley University Facility. Poured in place concrete was the substrate for both products which removed the need for any additional treatments to the base construction. Custom colors of both products were used in various areas to mimic the original concrete color of the structure. Performing a big job very quietly with an N.R.C Rating of over .80 is the key. For more information regarding SonaSpray "fc" or SonaKrete call 508-678-1118 or visit our web site @ www.atiincorporated.com.
