PROJECT PROFILE

Dr. Martin Luther King Jr. School

PROJECT

Dr. MLK Jr. School
100 Putnam Avenue
Cambridge, MA

ARCHITECT

Perkins Eastman
50 Franklin Street
Boston, MA

DETAILS

K-13 White
29,800 Square Feet
1.5" Thickness

There may not be a more demanding environment for reverberation control and acoustical performance than in a high school full of teenaged students, just ask any teacher. Strategically placed floating clouds, in conjunction with the K-13 application, creates a formal appearance with a contemporary flare. With all of the hallways, and a select few classrooms such as band and chorus, the new Dr. Martin Luther King Jr. High School is providing a peaceful sanctuary for all. For more information regarding K-13 call 508-678-1118 or visit our web site @ www.atiincoorporated.com.
