DETAILS

SonaSpray "fc" White
2,500 Square Feet
.5" Thickness

The true test of any acoustical control material is the ability to perform without being the center of attention. This latest application of SonaSpray "fc" is the perfect example of being heard and not seen. The ability of SonaSpray "fc" to conform to any shape and substrate made it the perfect choice. The economical spray application allows the true architectural design of the space to shine through without any visual distractions. For more information regarding SonaSpray "fc" call 508-678-1118 or visit our web site @ www.atiincorporated.com.
