# PROJECT PROFILE

## Norfolk County Agricultural High School

### PROJECT

Norfolk Aggie High School  
400 Main Street  
Walpole, MA

### ARCHITECT

Turowski2 Architecture  
313 Wareham Road  
Marion, MA

### DETAILS

SonaSpray "fc" White  
25,000 Square Feet  
.75" Thickness

With over 20 foot high ceilings in all the classrooms and shop areas, Turowski2 Architects knew they were going to have to get creative in providing an enjoyable learning and working environment. The selection of .75" of SonaSpray "fc" provided the N.R.C. Ratings they were demanding without any modifications to HVAC, lighting or vacuum systems. Direct to the deck, the high performance treatment is out of the way and maintenance free. For more information regarding SonaSpray "fc" call 508-678-1118 or visit our web site @ [www.atiiincorporated.com](http://www.atiiincorporated.com).
