PROJECT PROFILE

Pelham High School

PROJECT

Pelham High School
59A Marsh Road
Pelham, NH

ARCHITECT

Lavallee Brensinger Arch
155 Dow St, Ste 400
Manchester, NH

DETAILS

K-13 White
20,000 Square Feet
1.5" Thickness

A gymnasium of this size would normally come with a 3 or 4 second reverberation time making a basketball game a deafening experience for parents and fans. Not this one! K-13 White, applied at 1.5", not only makes this a bright beautiful space but it also has reverberation times down to what you might expect in a small classroom. No need for expensive hanging clouds and unattractive tectum panels at Pelham High School. For more information regarding K-13 call 508-678-1118 or visit our web site @ www.atiincorporated.com.
