DETAILS

SonaKrete White
6,000 Square Feet
.75" Thickness

Sharp clean lines are what come to mind in the review of this recently completed application of SonaKrete at the new South Shore Baptist Church in Hingham Massachusetts. Troweled several times during application, SonaKrete offers unparalleled Noise Reduction Coefficients while maintaining a texture that is barely visible from the floor. Finally there is a high performance spray-on product that does not sacrifice architectural appearance for true acoustical control. For more information regarding SonaKrete call 508-678-1118 or visit our web site @ www.atincorporated.com.
