

PROJECT PROFILE

Townsend Library

PROJECT

Townsend Library
12 Dudley Road
Townsend, MA

ARCHITECT

J. Stewart Roberts
48 Grove Street
Somerville, MA

DETAILS

SonaKrete White
4,000 Square Feet
.5" Thickness

True Noise Reduction with the appearance of textured plaster. Another example of the new SonaKrete product from International Cellulose Corporation that really requires a site visit to appreciate it. Applied in 4 continuous coats and troweled between each layer, SonaKrete is one of the first spray-on products able to provide true sound absorption without the spray-on texture that it is always associated with. Applied at 1/2" with N.R.C. Ratings of .65, SonaKrete is sure to be a favorite of acoustical engineering firms. For more information regarding SonaKrete call 508-678-1118 or visit our web site @ www.atiincorporated.com.
