Bond strength, durability and density prevail. VEO Robotics taps K-13 to provide acoustical control in this precision semi clean room in Waltham Massachusetts. With the modern wide open work environment, which includes shop areas, conference rooms and office areas, controlling the reverberation was a top priority. The 1.5" application provided the maximum Noise Reduction Coefficient of 1.05. For more information regarding K-13 call 508-678-1118 or visit our web site @ www.atiincorporated.com.
